

Prospective Councillor Information Session

Wednesday 18th March 2026
7pm - 8pm

With upcoming elections in some districts, and co-option opportunities arising in others, we are hosting a free online information session for individuals who may be interested in becoming a Parish or Town Councillor.

The session is designed to give prospective candidates a clear and practical overview of local councils and the councillor role, helping them decide whether it is right for them.

The session will cover:

- What a Parish or Town Council is
- What Parish and Town Councils do
- The role and responsibilities of a Councillor
- What the role involves in practice (including time commitment)
- Eligibility requirements
- The process for becoming a Councillor (election and co-option)
- Whether any qualifications are required

This session is ideal for anyone considering standing for election, as well as those who would simply like to better understand how local councils operate and how they can get involved.

Please book on our website:
